Pricing Information

We agree a fee with you prior to commencing any work, which is calculated based on our hourly rate. Work on your matter may sometimes be carried out by more than one fee earner, which is taken into consideration at the off-set and will reflect in the fee we agree with you. When you first instruct us, we will assess the complexity of the matter and ensure that the person handling your case has the appropriate level of experience and expertise.

Our Engagement Letter will set out our terms of business including details of the person with the conduct of the matter and any other staff members who will assist. Our rates vary, depending on level of experience and urgency of the job, from £90-350 plus VAT per hour.
